

Black Experts Confirm: Covid-19 Vaccines Are *The* Threat To The Black Community

by Charlene Muhammad | National Correspondent | @sischarlene

For the first time since the onset of Covid-19, an all-Black panel of experts have come together to educate the Black community on the deadly effects of the experimental “vaccines.” Medical and health professionals, researchers, attorneys and religious leaders outlined the deadly impact of the mRNA technology utilized by pharmaceutical/biotech giants Pfizer and Moderna.

“COVID Vaccines: The Threat to the Black Community” aired Nov. 2 on *InformedAfricanAmericans.blogspot.com*. It was facilitated by Curtis Cost, author of *Vaccines Are Dangerous*. He is also founder of the advocacy group *Informed African Americans*, which hosted the discussion. Mr. Cost, a researcher with Children’s Health Defense (CHD), advised the viewers that mainstream media has portrayed one side of the issue in its propaganda campaign to inject the entire population:

“The African American community is being bombarded with a campaign encouraging us to take these COVID vaccines and we’re seeing Black ministers, Black doctors, Black entertainers, sports figures and others, politicians, all giving the same basic message. That can leave the impression in the public, especially the African American community that there’s no dissent, there’s no questioning of that narrative,” stated Mr. Cost of Informed African Americans.

The speakers presented in-depth data and analysis on the intricate use of the deadly shots in the United States Policy of Depopulation. They called on Black people to stand up and fight for their health freedom as a matter of life and death.

Dr. Abdul Alim Muhammad, physician, surgeon and founder of *Abundant Life Health Attainment Clinic* in Washington, D.C., presented video excerpts of pushers of the vaccine death plot pondering how to “blow up” the health care system and admitting they wanted to make a “tried and true” vaccine that would pass three clinical trial phases; however, that would take over 10 years.

“That’s where we get the Warp Speed, because they wanted to do it overnight,” said Dr. Alim Muhammad. He said Covid-19 is a bioweapons attack, not a public health epidemic and Black people are the target. “How do you know if you’re the target? Because you’re confused, and that is one of the first duties of warfare, to confuse your enemy.” Part of the confusion surrounds the notion of so-called “breakthrough” cases, identified by the Centers for Disease Control (CDC) as people who are infected with Covid-19 after being “fully vaccinated” with two shots of Pfizer or Moderna products. As noted in a recent Final Call article by Dr. Ridgely Muhammad, the term “breakthrough” is one of many changes in words and definitions made to deceive the public during this time. “Breakthrough” was previously called “vaccine failure.”

“There’s no breakthrough case because you have a virus that has a recovery rate of 99.9 percent for all age groups. Nobody is sick from the virus! People get sick from the shot, which is not a vaccine. It’s an operating system,” argued Dr. Alim Muhammad. He called out the fraudulent use of the PCR nasal swab test, which was calibrated to detect the common cold virus, because no one could isolate an actual particle of what is called Covid-19. An extensive article on the deadly effects of the swab test appeared in a recent issue of *The Final Call* by Sister Ava Muhammad, National Spokesperson for the Honorable Minister Louis Farrakhan.

Dr. Alim Muhammad, former Minister of Health for the Nation of Islam, went on to challenge Dr. Anthony Fauci to go on public television and identify, then explain all of the ingredients in the injections for the American people.

“Why do you have graphene oxide ... lipid nanoparticles ... electronic transistors in there? Why are there embryonic fetal cells in there, and on and on and on ... This is science. This is not opinion,” said Dr. Alim Muhammad.

Reverend Dr. Philip Valentine, founder and pastor of the Chapel of the Healing Spirit Church of Universal Enlightenment, holds a doctorate in hygienic science metaphysics. He gave a scientific overview of the “shedding” phenomenon and pinpointed the true Covid-19 “super spreaders,” which are in fact vaccinated persons.

IMPORTANT INFORMATION ON IVERMECTIN

—There was an overwhelming response to the July 20th article on Ivermectin, a safe, inexpensive medicine which has proven extremely effective in treating Covid-19. It can only be given by prescription. In response to numerous requests for information on how to obtain Ivermectin, we are providing the website which gives a nationwide list of physicians who will prescribe it. The Threat

“Humans shed 500 million cells a day ... Think about it. The vaccinated cells from your body are now coming out onto the epidermis (skin’s outer layer) as the old skin cells that eventually shed.” He cited reports of massive migraine headaches, micro clots, sudden bruising throughout the body, exceptionally heavy menstrual cycles among both infant and pre-pubescent girls and post-menopausal women with blood clots the size of fists, among the side effects of the “vaccine shedding” phenomenon.

Further, people reported miscarriages, breast milk reduction, sores on nursing babies and on the bodies of unvaccinated spouses, Bell’s Palsy and numbness in limbs of family members, and sterility in men and women. Even household pets have dropped dead shortly after their owners got the jab, according to Dr. Valentine.

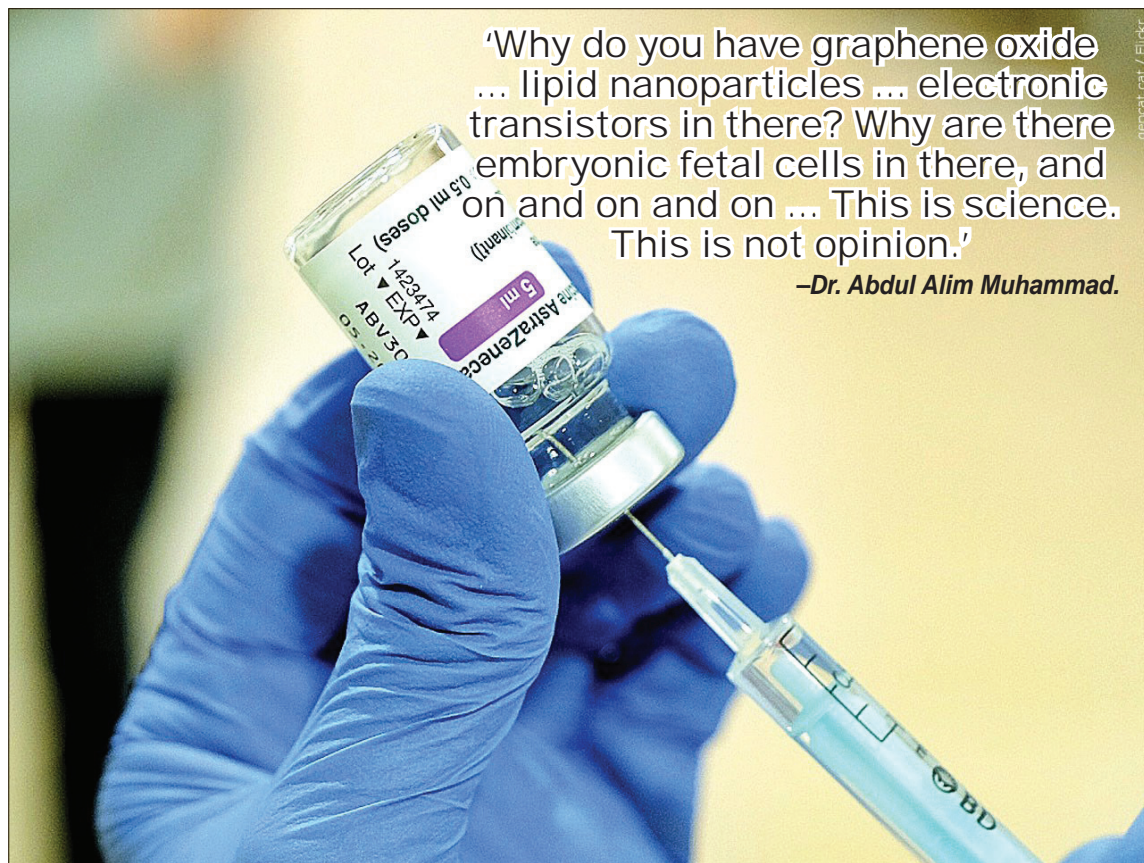

Dr. Aaron Lewis, a pastor, author and lecturer, called out his fellow Christian ministers for turning their churches into vaccination centers. He said parishioners all over, particularly in the Black church, have been sold

off and are no longer protected. “All of the Black preachers who have condemned White racism and White supremacy in America, but yet uphold this entire agenda, have clearly lost their mind and have clearly lost God ... How can you condemn a police officer for killing a Black man on the street who was unarmed, but yet, as the preacher, say nothing on the potential killing of millions of people who are unarmed (through mRNA vaccines)?”

New York-based Attorney Tricia Lindsay encouraged Black people to make an effort to know and understand their rights, power and authority under the U.S. Constitution; rights that are being stripped away.

“They’re using our freedoms and our pleasures, the right to purchase food, the right to travel, the right to exercise all these these rights that have been given to us under the United States Constitution against us in order to force us to comply with this vaccine,” said Attorney Lindsay. Even if people do submit it is not consent because the shots are experimental, she said. “We have to wake up.”

Panelist Angela Stanton-King is on a mission to empower and educate Black communities throughout America and to eradicate medical apartheid through her *American*

King Foundation. She spoke passionately against attempts by “powers that be” to silence voices of truth in the fight against the Covid-19 kill shots. Black people make 10.2 percent (16,402,640) of those who have taken at least one dose of the so-called vaccine, as of Nov. 21, according to the CDC. She feels the numbers will be used as grounds to legally discriminate against them. “I tend to believe that if there was a depopulation agenda, people with my skin color would be the first ones to go ... Silence is violence.”

Nova Felder, entrepreneur and philanthropist, highlighted some of the propaganda being used to coerce people to get “vaccinated,” and questioned, what is the Black community going to do as a family and a people moving forward. “This disease is beatable. It’s treatable. ... They have studies right now saying that people that eat a pescatarian diet, which is fish and vegetables,

a vegetarian diet, which is vegetables and dairy products, and a vegan diet, have a low incidents of contracting Covid-19 and also recovering as for high in numbers than the 99.9%, 99.8%,” said Mr. Felder.

Dr. Odada Shango, who uses natural remedies to heal the body, said he noticed distinct reactions in people who have taken the shots, including adrenal stress in many, and heavy vaginal bleeding, as in one 70-year-old woman.

K i a n g a Makemba, a holistic practitioner from New York, concurred. She spoke from the Caribbean nation of Antigua about tactics the government is using to implement vaccine mandates. They include random curfews and blocking access to government buildings.

Besides the politics, she said the medical industry is doing a very poor job. For example, people who have received the jab are not supposed to donate blood,

but an ill child who received a blood transfusion from her father became worse. He had been injected with two Covid doses, according to Ms. Makemba.

“Ever since that happened, it’s sad to say, clots of flesh were coming out of this child’s vagina,” she stated. “I want us melanated people to realize your health comes before your money, because I’m seeing people waking up now because it is threatening their jobs ... their child support...their money. This is a kill shot! And you won’t make money if you’re dead.”

Everything that the Honorable Minister Louis Farrakhan warned would happen when he delivered his revelatory Message “The Criterion” on July 4, 2020, has come to pass. It is imperative to heed his Divine Guidance:

“We will not accept your vaccine... because we are not accepting death. ... (If) they come up with a vaccine, be careful. Don’t let them vaccinate you, with their history of treachery through vaccines, through medication. ... I say to the African presidents, do not take their medications!”

The Real Anthony Fauci

Bill Gates, Big Pharma, and the Global War on Democracy and Public Health

Robert F. Kennedy Jr.
NEW YORK TIMES BESTSELLING AUTHOR

Robert Kennedy, Jr. Releases New Book on the Crimes of Dr. Anthony Fauci

“I would say this is Armageddon. It is the apocalyptic forces of ignorance and greed and totalitarianism and this is the final battle. We need to win this one.”

Attorney and consumer and patient rights activist **Robert Kennedy** releases his long-awaited exposé *The Real Anthony Fauci*. Kennedy writes that “Over his 50-year career as a government bureaucrat, Dr. Fauci has consistently served the interests of himself, Big Pharma and the military—while failing the American public.”

The book “unearths facts about Dr. Fauci that should alarm every American who cares about this country. [He] sabotaged safe and effective off-patent therapeutic treatments for AIDS; violated federal laws to allow his pharma partners to use impoverished and dark-skinned children as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies, [and] will personally profit from sales of Moderna’s COVID vaccine.”

ABC News: “Scientists mystified” as to Why Africa COVID Rates Are So Low

Health officials had feared the pandemic would sweep across Africa, killing millions. But death rates among the mostly unmasked and hardly “vaccinated” Black population are among the lowest on earth. In one recent week Zimbabwe recorded just 33 new COVID-19 cases and zero deaths.

Dr. Wafaa El-Sadr, chair of global health

at Columbia University said, “Africa doesn’t have the vaccines and the resources to fight COVID-19 that they have in Europe and the U.S., but somehow they seem to be doing better,” she said.

Fewer than 6% of people in Africa are vaccinated. For months, the WHO has described Africa as “one of the least affected regions in the world” in its weekly pandemic reports.

WHO data show that deaths in Africa make up just 3% of the global total. In comparison, deaths in the Americas and Europe account for 46% and 29%.

In Nigeria, Africa’s most populous country, the government has recorded nearly 3,000 deaths so far among its 200 million population. The U.S. records that many deaths every two or three days.

Oyewale Tomori, a Nigerian virologist who sits on several WHO advisory groups, suggested Africa might not even need as many vaccines as the West. It’s an idea that, while controversial, he says is being seriously discussed among African scientists.

Australia building PERMANENT COVID Concentration Camps for Un-“vaccinated”

Australia is constructing “quarantine” camps that the government says will be needed to house people “who have not had access to vaccination.”

Australian officials are funding the construction of massive compounds, one of which reportedly has 1,000 beds and is expected to be completed by the end of March 2022.

Attorney **Alan Dershowitz** (shown here with his friend pedophile **Jeffrey Epstein**) was asked if Americans can be forced to take a vaccination:

“Absolutely. Absolutely. And if you refuse to be vaccinated, the state has the power to literally take you to a doctor’s office and plunge a needle into your arm....[Y]ou have no right to refuse to be vaccinated against a contagious disease. Public health, the police power of the Constitution, gives the state the power to compel that; and there are cases in the United States Supreme Court.”

Revealed: Documents Show Bill Gates Has Given \$319 Million to Media Outlets

Sifting through over 30,000 grants in the company’s database, MintPress reported that the **Gates Foundation** has bankrolled hundreds of media outlets and ventures, to the tune of at least \$319 million.

Recipients of this cash include many of America’s mainstream media outlets, including *CNN*, *NBC*, *NPR*, *PBS* and *The Atlantic*. Gates also sponsors a myriad of influential foreign organizations, including the *BBC*, *The Guardian*, *The Financial Times* and *The Daily Telegraph* in the UK; prominent European newspapers such as *Le Monde* (France), *Der Spiegel* (Germany) and *El País* (Spain); as well as big global broadcasters like *Al-Jazeera*.
