

President Biden: The Perfect Choice to Implement COVID-19 Depopulation Plan

by the Nation of Islam Research Group

The Honorable Minister
Louis Farrakhan

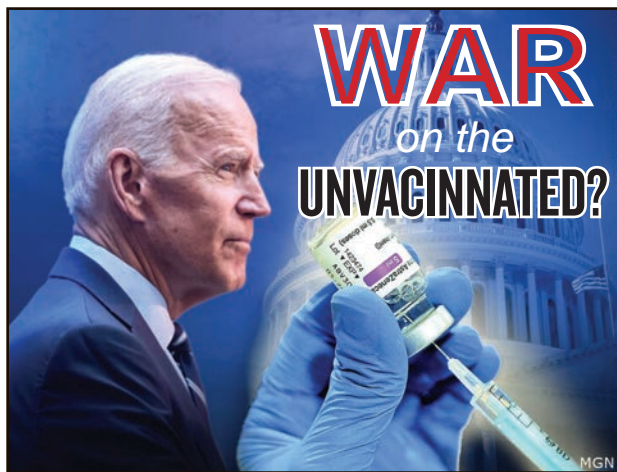

“I say it again, the Government of the United States of America is planning an assault on the Black community, specifically aimed at our youth. And the conspiracy is so deep and so diabolical that many of you will not even believe that at this very moment that I am talking to you, your lives hang in the balance.”

—The Honorable Minister Louis Farrakhan, June 25, 1989

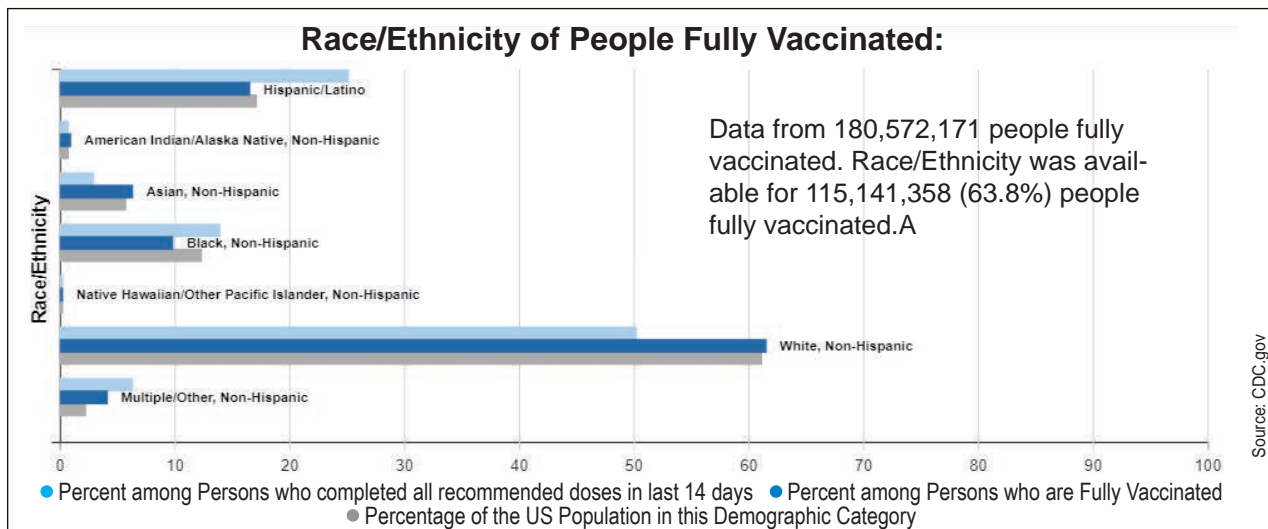

Recently, in the face of a “vaccine” that has been one of the greatest public policy failures of all-time, President Joe Biden stepped forth to take charge of COVID-suffering America. It did not matter to Mr. Biden that everything Pfizer, J&J, Moderna, Anthony Fauci, Bill Gates, and the media had promised the “vaccine” would do has turned out to be a pack of lies. It DOES NOT stop infection of “COVID-19”; it DOES NOT stop transmission; it DOES NOT provide lifelong immunity; it DOES NOT protect against the “variants”; it DID NOT end the “masking”; it DID NOT end “social distancing”; it DID NOT restart America’s collapsed economy or her educational system, nor did it bring life “back to normal.” In fact, all those pandemic policies have done more harm than good and have backfired. Fauci, Gates, Biden and their co-conspirators have led America to the highest per-capita death toll on planet earth.

In his July 4th 2020 address, *The Criterion*, months before their deployment, the Honorable Minister Louis Farrakhan warned America and Africa to stay far away from the “vaccines”; to seek instead the emerging treatments and therapies that were showing remarkable success against the respiratory illness. Widely prescribed and safety-tested drugs and supplements already in existence—like Ivermectin, hydroxychloroquine/zinc, vitamin D3, and alpha interferon—had, by the time he delivered his Message, saved many lives. In fact, Africa has successfully pursued The Minister’s prescient guidance. The artemisia-based remedy from Madagascar known as COVID-Organics, for instance, has had amazing results. Less than 1% of Madagascar’s 24 million people have been “vaccinated,” but that nation records only 957 total deaths from COVID-19 since the official start of the “pandemic.” The truth is that if America had followed Madagascar’s approach, the U.S. death toll would be just about 10,000. Instead, the “greatest medical system in the world” has amassed a stunning 662,000 deaths attributed to COVID-19, and over 14,500 deaths attributed to the COVID VACCINES!

The same can be said for nearly all of Black Africa, which has wisely spurned the killer “vaccine,” having suffered a long list of Tuskegee-like experiments at the hands of malicious medical missionaries. Only 1.6% of Africans have been tricked into taking the Pfizer or Moderna KMS (Kill • Maim • Sterilize) “vaccine,” yet the death rate from COVID-19 is so low it has alarmed and perplexed white Westerners. ***The African continent has nearly four times the population of America but only one third of COVID-19 deaths.*** The pharmaceutical demons, intent on vaccine riches, have tried to pressure the Africans with threats of a “variant” resurgence, but our Black brothers and sisters there are not buying the ruse. Cases plummeted last week in Africa by 23% while America’s case rate continues upward! The overwhelming African success against “COVID-19” has been purposely concealed from the

American people. For if they knew that the botched government handling of the crisis directly caused more than 90% of the COVID deaths, the January 6, 2021, attack on the U.S. capitol might be a daily event.

Instead of calling an emergency meeting of African public health leaders and begging them to share their solution to save American lives, the arrogant “Pharaoh” Joe Biden has doubled down on his blunder and demanded more of the same! He actually scolded unvaccinated (Criterion-intelligent) Americans, addressing them like plantation slaves:

“We’ve been patient, but our patience is wearing thin, and your refusal has cost all of us.... If you break the rules, be prepared to pay—and by the way, show some respect...”

Citing not one single health study, he went on to issue a threat to rob all federal workers of their livelihood: 75 days to

get vaccinated or risk fines and firing. “The expectation is if you want to work in the federal government or want to be a contractor, you need to be vaccinated,” said Biden’s press secretary.

The Biden Administration’s pandemic policies have wiped out 22.4 million jobs and triggered the deepest recession in U.S. history. The unemployment rate shot up to 14.8%, the highest since the Great Depression. Median U.S. household income decreased 3% and 3.3 million more Americans have been forced into poverty. Yet Biden’s response to this epic catastrophe is to plunge America even deeper into vaccine hell.

An Israeli study has just found that ***“natural immunity confers longer lasting and stronger protection against infection, symptomatic disease and hospitalization [compared to] vaccine-induced immunity.”*** This means that the 80-

100 million Americans who have had COVID-19 and recovered from it have far better protection from illness than the deadly Pfizer-failure could ever provide, even if it worked. Yet Biden has continued to ignore clear scientific evidence in pursuit of the diabolical vaccine agenda.

Why? By now it has finally dawned on ALL wide-awake human beings that the American government has no interest in their health at all. Humanity is witnessing and experiencing the final phases of the U.S. government's long-term policy of depopulation—the systematic culling of the world's "useless eaters" by 2-3 billion mostly indigenous people as a means to further enrich the wealthiest white people. The mastermind of this extermination policy is 98-year-old Henry Kissinger, who may be responsible for more wars, coups, famines, and holocausts than any other white man. And for them the COVID-19 operation has already paid off handsomely. According to Forbes, U.S. billionaires have gotten about \$1.2 trillion richer during the pandemic, a ginned-up catastrophe that has destroyed so many lives in so many ways.

Kissinger, as National Security Advisor, spilled the beans in his 1974 secret memo, advancing the position that controlling the strategic resources of Third World nations was directly linked to killing off those populations. President Ford adopted Depopulation as official US policy in November 1975 and since then every stratagem has been pur-

The VARIANT Truth
The threat of COVID-19 "variants" is largely a scare tactic to induce fear and drive people to get the K.M.S. "jab." The PCR Test that is used to diagnose "COVID-19" cannot detect variants. It is so faulty that the CDC has quietly abandoned it. So the "Delta" scare is a manipulation of public fear by the demons who run the American public health system and their co-conspirators in the media. According to whistleblowers, the waves of hospitalizations are NOT COVID "variant" cases at all—they are people suffering from the ill effects of the killer "covid vaccination." The CDC admits that the "vaccine" has caused 58,440 hospitalizations and killed 14,506 Americans. We can expect to hear about an endless stream of frightening "variants" as more and more Americans are maimed and die from Pfizer/Moderna jab poisonings.

sued to accomplish that objective. The plan is that whoever the "vaccine" does not sterilize or kill outright will be imprisoned or otherwise controlled by an electronic handcuffing system that Bill Gates has been salivating to deploy. Once we understand that COVID-19 is a mass murder operation—not a health crisis—we can grasp why Joe Biden is a wickedly perfect puppet in his current leadership role.

Biden's Holocaust History

There are 2 million people in the nation's prisons and jails—a 500% increase over the last 40 years. Before finally snagging the presidency, Biden served in the US senate in ALL those years. During those two generations, he held key leadership posts and made critical

policy decisions in the so-called War on Drugs. If there is a gatekeeper at the one-way prison door of Black America, it is Joseph Biden. According to a 2019 Vox article:

"As the head of the Senate Judiciary Committee in the late 1980s and early '90s, Biden did not just support the war on drugs and mass incarceration; *he wrote many of the laws that helped build a punitive criminal justice system.* [emphasis added]. That included measures that enacted more incarceration, more prisons, and tougher prison sentences for drug offenses, particularly crack cocaine."

Largely owing to Biden's efforts, 63 percent of all those now incarcerated in state prisons for drug offenses are Black. Human Rights Watch found that there are five times more white drug users than Black, but Black men are incarcerated at a rate that is 13.4 times greater than that of white men. In at least fifteen states, they calculate, Black men are admitted to prison on drug charges at rates that are from 20 to 57 times greater than those of white men. One in every 20 Black men over the age of 18 is in state or federal prison, compared to one in 180 white men. In response to Republican criticisms that one of his bills protected criminals, Biden retorted that "we do everything but hang people for jaywalking." Of the Republican "get tough" crime bill he complained, "It doesn't include enough police officers to catch the violent thugs, not enough prosecutors to convict them, not enough judges to sentence them, and not enough prison cells to put them away for a long time." Just how many Black American lives and families did Biden help disintegrate with this satanic wickedness? Only Allah (God) knows. But as America's COVID concentration camps are being readied for the "vaccine hesitant," Biden has more than enough experience to find an effective

means to incarcerate Americans who refuse the jab.

Who is best to arm police forces that will be activated to plunge these unknown "vaccine" chemicals into Black arms? Joe Biden, of course. He helped establish the Pentagon's notorious "1033 Program", which to this day provides weapons of war to America's police—from the major cities to the tiniest rural country sheriff's departments. Through the "1033 Program," police were outfitted with bullet-proof Kevlar flak jackets, night-vision goggles, M-16 automatic rifles, drones, grenade-launchers, sophisticated surveillance equipment, helicopters, tactical Humvees, and Mine-Resistant Ambush Protected armored tanks. Over 100 college and university campus police departments have used Biden's "1033 Program" to acquire military-grade equipment. The appearance of this weaponry in the previously unknown city of Ferguson, Missouri, after the police murder of Michael Brown in 2014 finally brought attention to a hyper-militarized America. Ferguson police were better armed than "ISIS" in Iraq, which had supposedly overtaken two oil-rich countries in the Middle East with an army of Toyota pick-up trucks.

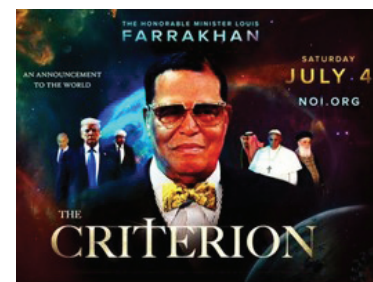

As Biden was launching his attack against Black America, The Honorable Minister Louis Farrakhan saw through the artifice. He warned our people, "...*The Government of the United States of America is planning an assault on the Black community, specifically aimed at our youth. And the conspiracy is so deep and so diabolical that many of you will not even believe that at this very moment that I am talking to you, your lives hang in the balance.*"

Black people listened to The Minister on July 4, 2020, and his message has played over and over here and around the globe. Black people have repelled the bio-attack from their own government, with an incredible show of unity and strength of conviction. As stated, the WHO re-

ports that only 1.6 percent of Africans have succumbed to the toxic "vaccine." And the CDC is now reporting that only 43 percent of Blacks in America have surrendered, and this wholesale "vaccine" rejection is why Mr. Biden had to make his appearance filled with threats of forced vaccination violence.

"Unvaccinated" Black people are proving themselves to be the wisest of Americans. Those who are now seeing the unprecedented death and damage from the "vaccine," regret putting themselves and their families at risk for an experimental drug made by liars with no liability. Biden does not apologize for his, the media and Big Pharma's lies—instead he demands that more Americans bare their arms for "boosters."

Following the Minister's Divine Guidance by resisting the "vaccine" has proven to be the winning choice for Blacks here and all around the globe. These are not the "vaccine hesitant." They are the "Criterion Intelligent."

IMPORTANT INFORMATION ON IVERMECTIN

—There was an overwhelming response to the July 20th article on Ivermectin, a safe, inexpensive medicine which has proven extremely effective in treating Covid-19. It can only be given by prescription. In response to numerous requests for information on how to obtain Ivermectin, we are providing the website which gives a nationwide list of physicians who will prescribe it. Frontline Nurses Expose Media and Government COVID Lies

by **Charlene Muhammad**
National Correspondent
[@sischarlene](https://twitter.com/sischarlene)

A rising number of frontline nurses are coming forward and exposing major Covid lies amid a nationwide pushback against threats of termination unless they submit to federal vaccination mandates.

Having already been fired or threatened with termination, nurses across the country and worldwide say they have nothing to lose and are able to speak now about the lies and atrocities they have witnessed in hospitals, clinics, and nursing homes during the coronavirus pandemic.

Mainstream media is saturating the airwaves with the false claim that unvaccinated Covid patients are flooding hospitals with the Delta variant. That is an outright lie, according to a registered nurse in an interview during the Stew Peters Show. The nurse, who remained anonymous, identified herself as “Sarah.” She told Mr. Peters that periods of patient overflow since the vaccination rollout have never been specifically for Covid-19:

“In fact, there was no word or mention of the word ‘Delta variant’ in any note from any doctor, from any outside office feeding in specialists, urgent care, emergency room. I have not seen that word, the word Delta variant in the chart. The only place I have seen the word ‘Delta variant’ is in the letters going out from the hospital administration to the staff, quoting reasons why they should get the vaccinations,” Sarah stated.

“It’s all termed ‘Covid-19.’ There’s no test for the ‘Delta variant’ that I’m aware of,” she continued. “Nothing changed from before ‘Delta variant’ came out. And now, in the charts or in the patient symptoms or anything, nothing changed. There’s no exacerbation once they started using the term ‘Delta variant.’ Those patients have not changed at all.”

NEWS ANALYSIS

Nor has the number of sick people changed, she continued. “The influx I have seen is since the vaccination rollout, and it’s more vaccination-related injuries— blood clots, cardiac issues, neurological issues, balance issues, cognitive issues, aggressive behavior, encephalopathy, things like that, that are very different from the previous Covid.”

Despite the fact that the majority of patients under her care been vaccine injured people, “Sarah” told Mr. Peters she has never seen doctors or providers reporting the incidents to the CDC’s Vaccine Adverse Event Reporting System (VAERS).

“They will not acknowledge. They will actually stop you mid-sentence. I mean it is completely blatant,” she continued. However, some staff are aware and acknowledge what’s happening, she said. “The Delta variant is the vaccine injuries. ... It’s common knowledge around the staff that is aware of what’s going on and are paying attention, not in denial,” said Sarah.

She also wants the entire world to know that (mainstream) news media is lying to people, and they should stop watching it. “It is absolutely false. It is creating a false fear,” she said. “People are walking into the hospital with breathing issues and a lot of these people are not...leaving. People with normal levels of life, that were actually caregivers to their family, are coming in, and they’re changed forever, and their family is

now taking care of them. This is horrific. This vaccine rollout is a nightmare, and the media is completely not telling the public any truth of what is actually going on with these vaccines.”

In a video of whistleblower nurses posted online by Pandemic Debate (a network of doctors, health experts and scientists who say they are uniting for truth, justice and peace) an unidentified nurse questioned the continuing lies in the face of such evidence.

“I see it every single day. This whole story about 90 percent unvaccinated cases: No! I can tell you I’ve been in front of the line for the last year and eight months or however long it’s been— too long— and that is a complete lie,” she stated. “I have seen nothing but vaccinated individuals, unvaccinated as well, but don’t believe the lies. Don’t believe the media,” she said.

“I had a 30-year-old woman who started bleeding, basically hemorrhaging, ever since she got injected, literally within the 48 hours,” she stated. “This poor woman is a mother of two, 30 years old, and she was fully vaccinated and regrets it deeply. This was a month ago, and she is now intubated in critical condition, fighting for her life, potentially about to leave her children motherless... of course she regrets 1000% being injected and she acknowledges it. So did her physician.” The nurse waved to passersby who honked their vehicle horns during the protest.

A critical care nurse with 27 years of experience said, “There’s a lot of stuff that goes on there. It will blow your mind. People put a lot of faith in medicine, in health care, and it really needs to stop.” She works as a traveling nurse, currently stationed in the New York City area. She spoke to The Final Call on condition of anonymity to protect herself from retaliation, harassment, and potential harm for revealing what she has seen, heard, and experienced surrounding Covid-19.

“They really don’t know what they are doing, and medicine is so political.” She explained treatments are really based on profit margins, bargaining between insurance companies and pharmaceuticals, and a failure to think outside the box and try something different, even if it is a proven therapy already FDA-approved, such as the anti-parasitic drug Ivermectin.

She recalled an instance where a patient went into cardiac arrest and the responding physicians were extremely slow and delayed, as if they didn’t have a care in the world, while the nurses were in the Covid room doing everything possible to save lives.

“I had to ask the physician, when we are in this situation, should we even call you guys? What should we do, exactly? Because you guys take forever to get here, nor do you guys even have an attitude like you even care. ... What if that was your mother?” she recalled.

She said that many patients are just written off by physicians, saying nothing could be done about it because they had Covid.

“These doctors don’t go in these patients’ rooms to assess them. ... We have glass sliding doors. They talk about the patient outside of the glass room, but in their notes will write down a heart sound, a breath sound, a full head to toe physical assessment, but they were not in that room.”

She went on to explain that doctors get paid for those reports; the neglect is going unchecked because no one is challenging the doctors or the system. She learned of this through her observation of the computerized charts, and what she saw happening during her shift, she stated. Other than herself, she has observed only one other nurse who attempted to address the problem, which is happening in all of New York’s boroughs where she has worked. She said her perception is based on experiences in multiple facilities, even before the pandemic.

She urges people to educate themselves, and particularly seek to understand anatomy, physiology, microbiology, and how viruses work and affect the body. In addition, everybody needs to have a healthcare proxy and a power of attorney, even if they are 16 years old, so that God forbid, if something happens to them, someone is there to speak up on their behalf. The forms are easy to pull online, fill out and have notarized, so hiring a ‘fancy attorney’ is not necessary.

“What do we need to do to really take care of ourselves? I mean, if you really want to help the population, the promotion should be about eating properly, exercising, supplementation properly, because vaccines or not, if your body doesn’t have what it needs, you’re going to get sick,” she emphasized, offering a view that echoes the Teachings of the Honorable Elijah Muhammad in “How To Eat To Live: From God In Person” (Books One and Two).

She told The Final Call that from her perspective, the great need for nurses stems from factors such as delayed care due to lockdowns and neglect to the point of extreme illness, not from a Covid pandemic. She has seen vaccinated and unvaccinated Covid cases, mostly in youth between 16 and 20; but it is definitely not overwhelming the medical facility right now.

“That’s just for the New York City area that I can speak of. I know in other states it might be a different scenario, but even with that, the deaths are nowhere near what they were in the past— in March and April 2020 ... A lot of the deaths were due to a lack of care and incompetence.”

CDC: 14,925 DEAD FROM "VACCINE"

TV Station did not expect these vaccine DEATH stories

Despite the fact that the "vaccine" has now killed 14,925 previously healthy Americans, Facebook has heavily censored any information that shows the "vaccine" as anything other than the savior of mankind. But when WXYZ-TV tried to solicit stories of the dangers of being "unvaccinated" they DID NOT expect the flood of stories about the deaths and injuries caused by the "vaccine"! As of Sept 17, 2021, their Facebook post has received 47,000 likes, 196,000 shares and 216,000 comments. Here are some of those comments:

My grandfather died from the vaccine...will you do a story on that?

Erika Ellis

My grandma is currently in the hospital, testing negative for COVID but has been sick as hell since getting the vaccine that she HAD to have for her hip surgery.... It's awful. She's been SO sick and now she's in the ICU on oxygen and will probably get COVID from being in the hospital and the vaccine is what has landed her there!!!!

Debbie Hitchcock

My dad (49 y/o) died suddenly two weeks to the date of getting his first vaccination (Moderna) and did not have Covid however his death certificate stated otherwise. These are the stories that need to be told.

Karen Kreep
Day my dad got the shot he got a nosebleed that lasted 9 days. Hospitalized and had 2 surgical procedures to try and stop the bleeding and they finally gave up and sent him home, still bleeding from the nose. Totally safe. No side effects ever. Sure, Jan.

A friend of a parent went into cardiac arrest almost immediately after receiving second dose. They were unable to revive her. I also know of someone who lost a limb due to a blood clot/circulation issue after being fully vaccinated. Hm. From the looks of the comments, you might want to change your story topic.

There is no test to verify the "delta" variant. So how do they know people have that variant.

I almost died two days after I got the Moderna, I kept losing consciousness on the way to the hospital, my blood pressure dropped, my heart was barely beating, they got the crash cart ready, had the paddles out, then I woke

up, they put the paddles away....It's been 7 months and I am still sick [with] newer symptoms....I feel poisoned, my head is too heavy and the poison just sits in my body, I am very sick I can't get up from the bed, if I make it to the couch, I am Stuck there, it's an effort to go the bathroom, this is all from the moderna WXYZ-TV Channel 7

My friend lost her mother 2 days ago after a month long battle from receiving the covid vaccine...started with inflammation of the heart and then continued from there and ended up shutting down her kidneys ...she died Sept 14th ... from the vaccine itself not covid...And she only got the vaccine because the doctor was pushing it on her husband and she didn't want him to get as they were both refusing and against the vaccine itself...so she got it because he did ...so sad

Cynthia Lippy

Justin Barclay I lost both my parents to Covid, 11 days apart over the holidays of 2020. They were both vaccinated.

I work in a nursing home all but two of our most recent Covid positive patients were all vaccinated. The only ones that required hospital stays were vaccinated.
