

# EXPOSED! The Scientific Assault on the Black Community: Part 1

by Charlene Muhammad  
National Correspondent  
@sischarlene

Brother Rizza Islam, independent researcher and member of the Nation of Islam, has been crisscrossing the country and the world via social media, raising awareness about the harmful effects of the COVID-19 injections and the myriad of safe ways to prevent and treat SARS-CoV-2 coronavirus infection.

Despite being a number one target among those being censored and attacked by the U.S. government, Bro. Rizza has gained momentum in his effort to inform, educate and provide solutions to Black people in particular and humanity overall about the enemy's depopulation plot waged not only through the COVID kill shots and other technologies but in the food, water, air, and other realms of life.

After Bro. Rizza's stellar representation of the Honorable Minister Louis Farrakhan and the Nation of Islam during his addresses at the "Defeat the Mandates" rallies in Washington, D.C. and Los Angeles earlier this year, Dr. Paul Alexander, Ph.D., sought out Bro. Rizza for an exclusive interview to expose the source of Dr. Anthony Fauci's resignation, the criminality of mandating COVID injections for children, the omission of critical data about natural immunity, and more.

Dr. Alexander is no minor figure on the world stage. A native Trinidadian, he is an educator in clinical epidemiology and the former Senior Advisor to the Assistant Secretary for COVID Pandemic Policy, U.S. Dept. of Health and Human Services (HHS), under both President Donald J. Trump and President Joseph Biden.

"Scientists, as well as legal and medical professionals are seeking out the Nation of Islam specifically, because they continue to search

for Black influential groups or individuals who can stand on integrity, and who can inform and empower the Black community. But they are not finding that anywhere else, except for the Nation of Islam," Bro. Rizza Islam told The Final Call.

"This has become a dominant consensus, agreed upon by the majority. They continue to say over and over again, 'It was the Nation of Islam. I haven't found any group of Black people who I can give this information to, who agree with it and who are spreading it to their own people,'" he added.

He pointed out that these medical and legal professionals' quest began in 2015 with Attorney Robert F.

Kennedy, chairman and founder of Children's Health Defense, and has grown to include Dr. Judy Mikovits, Dr. Christina Parks, Dr. Simone Gold and many other scientists he has been working with.

"They have all expressed the same sentiment: Minister Farrakhan and the Believers of the Nation of Islam continue to be that group of Black people who have been standing up, and who are willing to give the information to their people," emphasized

Bro. Rizza.

During their dialogue, Dr. Alexander said that National Institute of Allergy and Infectious Diseases (NIAID) Director Anthony Fauci, CDC Director Rochelle Walensky and others acted criminally when

they completely and willfully denied evidence of early treatment for COVID.

Dr. Alexander has had extensive experience working with the CDC (Centers for Disease Control and Prevention), HHS (U.S. Department of Health & Human Services), FDA (U.S. Food and Drug Administration), the White House COVID-19 Response Team, and more.

"At this point, he's fed up with the corruption," stated Bro. Rizza Islam.

and preventative care would prevent so many people from dying and also from getting sick. Dr. Fauci reprised what he did in the 1980s and early 90s with HIV/AIDS: the director of the National Institute of Allergy and Infectious Diseases suppressed early antiviral treatment, shown by Dr. Alexander and other scientists to have worked in the 10-12 day, initial two-week, period of HIV infection, particularly in high-risk, vulnerable patients.

Robert Kennedy reveals in his bestseller, “The Real Anthony Fauci,” that during the AIDS crisis, Dr. Anthony Fauci discouraged and prevented inexpensive treatments for AIDS and focused exclusively on AZT, a toxic drug that has killed an estimated 300,000 AIDS patients. “He’s doing the same thing today with COVID, focusing on highly profitable vaccines and ignoring potentially safe and effective treatments,” the Children’s Health Defense reports.

“The similarities between the AZT scandal and what’s happening today with the COVID jab and remdesivir are striking. Again, Fauci has suppressed all treatments using inexpensive and nontoxic drugs.”

Dr. Alexander charged that Fauci and his cohorts “suppressed and prevented and denied” a drug known to be highly effective (Bactrim) and promoted a dangerous and expensive drug called AZT. “Tens of thousands among the gay population died, and what they did there [with AIDS], they did with COVID, which is they denied early treatment,” stated Dr. Alexander. He further said that he emailed the evidentiary data directly to Dr. Fauci, CDC Director Rochelle Walensky, and others, and they willfully ignored it.

The bottom line of his discussion with Bro. Rizza Islam was the fact that Dr. Fauci and the National Institutes of Health were fully aware that there were medicines that could save lives, but Dr. Fauci and his cronies refused to recognize such treatments, and as a result, hundreds of thousands of Americans and people across the world died.

“Many African Americans died; many, many thousands of our parents and grandparents, because of the denial of early outpatient treatment in the minority community—all communities—but the minority community was hard-hit, and they needed that help with those therapeutics,”

Photo: MGN Online

“Many African Americans died; many, many thousands of our parents and grandparents, because of the denial of early outpatient treatment in the minority community—all communities—but the minority community was hard-hit, and they needed that help with those therapeutics,” stated Dr. Alexander. “They did all sorts of procedural tricks with the FDA to prevent the availability of these drugs to the general population because they were pushing vaccines.”

**-Dr. Paul Alexander**

stated Dr. Alexander. “They did all sorts of procedural tricks with the FDA to prevent the availability of these drugs to the general population because they were pushing vaccines,” he stated.

“Look! You weren’t insane,” said Dr. Alexander. “You weren’t insane over time when you began to question all these COVID policies,” he added.

### ***U.S. Policies Based on “Junk Science”***

“None of the lockdowns worked! ... Not one of the school quotas, not one of the mask mandates, not one of the business quotas—nothing worked! No COVID policy in the United States of America worked to curb any transmission. Not one. Not one infection. Not one death,” he declared.

According to Dr. Alexander, behind the scenes he and other scientists were fighting Dr. Fauci, who serves as President Biden’s Chief Medical Advisor, and Dr. Deborah Birx, who served as the White House Coronavirus Response Coordinator under President Trump from 2020 to 2021, particularly over the lockdowns, which, he said, will go down as one of the greatest public health disasters in history. The lockdowns had a devastating effect emotionally and psychologically among college-aged children, 18–24-year-olds in particular, he said. According to a survey done in 2020, 30 per-

cent of the participants across the board, across racial and ethnic lines, said they had contemplated suicide that year, he stated.

“The point I’m making is they’re trying to make you think that something’s wrong with you if you weren’t going along or if you didn’t mask. We looked at all of the science and we showed them that the masks were complete garbage, junk—ineffective failures. All of the blue masks from day one, all of the white surgical masks, all of the face coverings—they don’t work,” stated Dr. Alexander.

“So, all of these mask (mandates), and closing schools, sending Johnny home because he didn’t have a mask—it was just junk science. Fauci on one day would wear one, wear two, wear three, wear a box of masks; take masks off, put masks on; ... (he was) never following the science.” The bottom line is that all of it is a lie, and the pandemic response by the U.S. government was a complete failure, he said.

Recently, Dr. Walensky admitted that the CDC was not up to the task and was responsible for some pretty dramatic, pretty public mistakes—from testing to data to communications—in its pandemic response. In August 2022 the CDC reversed its disastrous, tyrannical COVID-19 guidelines, thereby acknowledging that its original rules and mandates were in error.

“You didn’t make mistakes! The things that you (the CDC) did killed people,” argued Dr. Alexander.

“They were just insane, power-hungry, corrupt bureaucrats and technocrats, and they knew it. They were never following the science.” Those who questioned the motives and mindset of the leaders who mishandled the response to COVID-19 “were not insane—they were right,” he said.

# DePopulation Briefs

"Before the vaccine was made, I warned us in the Name of Allah that this was a death plot...The way to get rid of two to three billion people [is] to offer you a vaccine."

—The Honorable Minister Louis Farrakhan, Swan Song

## CDC Backtracks on COVID Guidance as Damning Studies Mount

On August 11, 2022, the U.S. Centers for Disease Control and Prevention reversed its COVID-19 guidelines, and in effect admitted that all of its previous policies were utter garbage. The CDC is now advocating for taking personal responsibility and for everyone to decide for themselves "which prevention behaviors to use and when (at all times or at specific times), based on their own risk for severe illness and that of members of their household, their risk tolerance, and setting-specific factors."

The CDC is also giving up on jab-status discrimination, stating its "COVID-19 prevention recommendations no longer differentiate based on a person's vaccination status because breakthrough infections occur." They also admit natural immunity—that resistance one develops from naturally contracting the disease—exists and works.

Testing is now reserved for those who "are symptomatic, or have a known or suspected exposure to someone with COVID-19"; isolation is only for those who are symptomatic and have tested positive; and contact tracing is now restricted to health care settings and select "high-risk congregate settings."

These are positions that when previously expressed by qualified scientists and doctors would get them censored and deplatformed.

## COVID Shots Are Causing Depopulation

According to Dr. Joseph Mercola, "The CDC's about-face appears to be politically motivated, to give the Biden administration a 'win' before the midterm elections. Post-election plans include 'the biggest vaccination campaign in history,' so tyrannical overreaches may later resume..."

In a recent article Dr. Mercola wrote that a "major hurdle in the plan to launch the biggest vaccination campaign in history is the evidence showing *the COVID shots are already causing mass depopulation.*" He quotes from an article by *The Exposé*, August 7, 2022:

"COVID-19 vaccination is causing mass depopulation. This is an extremely bold claim to make. But unfortunately, this bold claim is backed up by a mountain of evidence contained in the confidential Pfizer documents and official Government data from around the world."

Dr. Mercola continues:

"Indeed, excess deaths have skyrocketed since the release of the COVID jabs, and the timing is so exact, it can't be explained away. In the U.K., they're now massaging data to try to hide it...Eliminating confusion about the cause of these excess deaths are data comparing the mortality rates among those jabbed and the unjabbed. July 6, 2022, the British Office for National Statistics issued a report showing the mortality rates per 100,000 are consistently lowest among the unvaccinated, in all age groups.

"In the 18 to 39 age group, unvaccinated had a mortality rate of 14.1 per 100,000 during the month of May 2022, whereas those who got their first dose at least 21 days ago had a mortality rate of 42.6 per 100,000. The mortality rate for double-jabbed was 17.3 per 100,000 and triple-dosed had a mortality rate of 21.4 per 100,000."

## Infant Mortality Has Skyrocketed

*The Exposé* also highlights data showing infant mortality is now far above the norm. In Scotland, official data show neonatal deaths were 119% higher in March 2022 than the annual norm. Live birth rates are also plummeting around the world.

In Germany, the birth rate for January through April 2022 was 11% lower than the seven-year prepandemic average. And Pfizer's own documents show nearly all pregnant women who participated in its trial—for whom birth outcomes were available—lost their babies. Only one of 29 known birth outcomes was classified as "normal." The remaining 28 miscarried.

## American History of Medical Racism & Savagery

### Plutonium Injected into Unsuspecting Americans in Nazi-like Experiment in the USA

The top secret experiments were overseen and approved by the notorious Jewish physicist **J. Robert Oppenheimer** (in photo), who built the atom bomb that murdered 250,000 Japanese citizens in 1945.

**Dr. Hymer Friedell** was part of the American team that went to Japan in 1946 to study the bomb's medical effects. He was quoted in an AP article saying that the bomb hit the city "like a giant flyswatter," and that the Japanese victims "accepted it as somewhat of an honor that their city had been selected for the history-making event."

## Jap Survivors of Hiroshima Felt 'Honored' by Bomb Blast

COLUMBUS, O., Mar. 28—(AP)—Surviving Japanese residents of Hiroshima felt somewhat honored that their city was selected as

The COVID-19 VACCINE: "We Have No RIGHT to Trust Them."

## Bizarre COVID Hospital Practice Exposed

The Informed Consent Action Network (ICAN) found that **Medical Center Hospital in Odessa, Texas**, covered the head and torso of a COVID-19 patient with a plastic drape "to prevent the virus from airborne spread to staff and other patients"—a thoroughly unscientific practice ICAN called "dangerous and irrational."

*Epoch News* reports that nurses are witnessing hospital maltreatment of COVID-19 patients. One nurse reported that "The patients were all scorned because of their unvaccinated status and were given a combination of sedatives and the antiviral drug remdesivir. They were also kept isolated and malnourished and ultimately put on a ventilator before dying."

## Vaccine Corner

The following excerpt is from *How to Raise a Healthy Child...In Spite of Your Doctor* (1987), by Robert S. Mendelsohn, MD:

### WHY PEDIATRICIANS ARE DANGEROUS....

1. The pediatrician serves as the recruiter for the medical profession. He indoctrinates your child from birth into a lifelong dependence on medical intervention. It begins with a succession of needless "well-baby checkups" and immunizations and then moves on to routine annual physical examinations and endless treatment of minor ailments that would cure themselves if they were left alone.

2. Pediatricians are the least likely of all specialists to tell parents about the potential side effects of the drugs and treatments they prescribe. What pediatrician ever told mothers of the evidence linking infant formula to high blood lead levels and Sudden Infant Death Syndrome (SIDS)? What pediatrician, until pressured to do so by media revelations, ever told parents of the risk of epilepsy and mental retardation associated with the immunizations that he performs? ....

3. The pediatrician's wanton prescribing of powerful drugs indoctrinates children from birth with the philosophy of "a pill for every ill." This may lead the child to the belief that there is a drug to treat every condition and that drugs are an appropriate response to normal feelings of frustration, depression, anxiety, inadequacy, insecurity, etc. Doctors are directly responsible for hooking millions of people on prescription drugs. .... [To be continued]

2

“And speak not of those who are slain in Allah’s way as dead.  
Nay, (they are) alive, but you perceive not.”

—Holy Qur’an 2:154

“The Nation of Islam has created a task force on the coronavirus. We will rely on our researchers and scientists in cellular biology, molecular biology, microbiology and other fields relevant to vaccine development. The only way to know what is in a vaccine is to look at it under a microscope. Anything less leaves us relying on hearsay.”

“This bill [D.C. legislation permitting children as young as 11 to be vaccinated without parental consent] is pure totalitarianism. This is an extreme and complete means of exercising the highest degree of control over human life. Those who sponsored it, those who voted in favor of it, are open enemies of the people of this country, especially the Black people of Washington, D.C....Parental rights are no different now than when the plantation owners could snatch our babies out of our arms and sell them at will. There should be a massive counterattack to such a horrifying, criminal action. This is what the **Honorable Minister Louis Farrakhan** referred to as a ‘declaration of war on all of us.’”

“They use monopolization of perception through a 24-hour news cycle. They stoked fear and ignorance, and most of all, they censored any dissenting opinion....We cannot examine and analyze the COVID-19 unapproved experimental vaccine without a knowledge of the climate in which it was produced....**Minister Farrakhan** called it death in July, and in December, under the direction and control of the United States government, it in fact began killing people.”

“The good news is that millions of people have thus far resisted the aggressive efforts by the U.S. government and media giants to push these dangerous, experimental, so-called vaccines. To those who resist, we offer continuing support with testimony from [high-ranking experts] bearing witness to what **Minister Farrakhan** gave us directly from Allah (God) on July 4, 2020.”

Our Sister Minister Ava Muhammad edited the Depopulation Section of the Final Call Newspaper. Early on in the “corona virus crisis” she perceived in the way it was unfolding that it had less to do with health and more to do with the long-planned depopulation agenda that The Honorable Minister Louis Farrakhan has been warning us about for many years. Sister Ava began speaking out and in May of 2021 initiated the Special Section in the Final Call to warn our people so that they would not fall victim to Satan’s “diabolical scheme.” Here are some of her words of wisdom and warning:

“And the owners of the **Elevated Places** call out to men whom they recognize by their marks, saying: Of no avail were to you your amassings and your arrogance. Are these they about whom you swore that Allah would not bestow mercy on them? Enter the Garden; you have no fear, nor shall you grieve.”

—Holy Qur’an, Surah 7, verses 48-49

“Now the whole world knows there is a direct causal connection between these products and the deaths of thousands of people, along with hundreds of thousands of adverse events (injuries) in this country alone....Even more shocking is that these numbers are being dismissed as inconsequential or coincidental....In addition, they are people who were simply living their lives until they were coerced and cajoled by the government into subjecting themselves to fatal injury. The 1976 swine flu pandemic mass vaccination campaign was abruptly canceled after 53 deaths. In less than 6 months the COVID vaccines have killed more people than all available vaccines combined over a 15-year period (1997-2013).”

“It is sinful that despite the harm being done to human beings, the government continues to heavily promote the uptake of these vaccines. They are using celebrities, professional athletes, preachers, politicians, educators and everyday people to pressure us to ‘just get the shot.’ It is time for all of us to become more proactive in fighting this diabolical scheme. **The Honorable Minister Louis Farrakhan** has relentlessly stood up for Truth and for us for over 65 years. Can we just get behind him for once and for our own sake? These vaccines are being resisted by millions of people from every race, class and religion. We can defeat the Synagogue of Satan with the Help of Allah (God).”

“We are living in the Fullness of Time. So, when the **Honorable Minister Louis Farrakhan** speaks a thing, it happens in a few months rather than in a few decades, as we see with the COVID-19 vaccines....**Minister Farrakhan** is what the **Honorable Elijah Muhammad** declared him to be: A star that has no equal. That would be the Sun. When you see and hear him, his voice and the truth he delivers is Sunlight: it has weight; it puts pressure on anything it touches. *When we follow his guidance, we are in the light. When we don’t, we are in the dark. We cannot prove his power is from any other source except Allah and His Christ. His view is an aerial view, because he is Divinely Guided.*”
