According to OpenSecrets.com,<sup>1</sup> 13 of the top 25 political donors are Jews That's 52%. According to the U.S. census, Jews are 2.4% of the population of the United States (7.6 million).<sup>2</sup> Those top 25 donors contributed \$966,102,219. The 13 Jews contributed \$534,623,998 to that total or 55.3%—more than 23 times their proportional share. Gentiles are 97.6% of the U.S. population, and the top 12 contributed \$431,478,221 or 44.7%—less than half of their proportional share.

The top Jewish donor was George Soros of New York, who contributed \$178,820,550. By contrast, **ALL of Black America** donated a total of \$41 million to candidates in 2019.<sup>3</sup> **Latinos** contributed \$23.7 million to Democratic presidential candidates that year,<sup>4</sup> amounting to a total between these two groups of \$64.7 million in political donations. Thus, a single Jew, George Soros, nearly tripled the total contribution of Blacks and Latinos, the combined population of which is more than 100 million people (Latinos 64 million; Blacks 40 million).

That amounts to less than \$1 for every Black American, and half of that for each Latino. The top 13 Jewish donors together spent \$127 for every Jew in America.
