Jews, Crackers and the Caste

(April 24, 1966)

All the Caste that are used as spokesmen for the U.S. government are cleared through the National Association for the Advancement of Colored People (NAACP).

The NAACP is an escape valve created by white people as a means of letting the Caste get off the steam that his impoverished and confused conditions invariably produce. A white woman named Mary White Ovington created the NAACP and all the presidents for the last fifty years and before that.

The present president is a white man of the Jewish ethnic group. The Jews control the Black communities, not by accident, but through design. The Jews know that the other crackers live on persecution and as the Jew uses the Caste for a shield, he also makes an effort to control the Caste thought.

The Jew is the Caste boss as an employer and also his boss in the union. The Caste is uptight. The Jew looks upon himself as the only source of intelligence. The Caste elite are the flunkies of the Jews. Any Black man or group advocating self-determination is the natural enemy of the Jew.

The community of Harlem alone yields the Jew over \$400 million yearly in profits from common ordinary items and commodities that the average Caste uses daily. This money goes a long way in sustaining Jewish life. As a matter of fact, the Jews have grown dependent upon the Caste's community expenditures and sort of conservative about it. For the Jew to voluntarily give up this economic exploitation of the Black communities would be tantamount to asking the Jews to commit suicide and the Jew is far from a fool.

The cracker, on the other hand, is trying to tie the Caste up with tragic patriotism - where the Caste will deem it an honor and sacred

duty to die for white supremacy. This is the present pattern of behavior of cracker propaganda.

The task of the Orthodox African Nationalist is to beat this propaganda down. The cracker is fighting a war of attrition in Vietnam - as a means of using the Caste youth up. The Caste with his inferior outlook has fallen for this fatal scheme of the cracker. People are inferior because they want to be inferior. The Caste has been conditioned to an inferior position in American life for such a long, long time, until it is the habit and opinion of the Caste that it should be that way. It gives him a sense of security. When you advocate self-determination, you are making a natural enemy of such people.

Some people say that the Nationalists are rough on people. You damn right; our security is at stake. The government intends to set up in the Black communities an apparatus to know everything that everybody is doing, through such agencies as Haryou-Act and the like. And it is working. It is natural that the African Nationalists won't have any friends. America is taking over completely from the former European colonial powers, the leadership of the white world. The cracker is tightening his reigns within and without. It won't be surprising if they crown Lyndon Baines Johnson, "Lyndon 1st.". There is no opposition. All has been smothered. The cracker is using the Caste on all fronts. A bunch of Bajan (Barbados) and Georgian niggers run Liberia. If the Nationalists come to power the first five years will be used killing misfit Castes.

One or two Black men going to Africa won't make a difference, but when you go fifty thousand strong, it will make a difference. The native African is naive beyond a point of virtue. He is like a child to the white man. He ignores our right and desire to return and give Africa to the Blackman. Foreign capital brings foreign domination.

Our job is to organize the Black people here, first. Then the question of implementing the fusion into Africa won't be a problem.
